Engineering & Scientific Consulting

Hrista Karapeneva, M.Sc.

Managing Scientist | Chemical Regulation and Food Safety

Harrogate

+441423878955 | hkarapeneva@exponent.com

Professional Profile

Hrista Karapeneva has more than 7 years of consulting experience, specializing in toxicology and human health. Her role in the Chemical Regulation & Food Safety practice includes hazard assessment of active substances, preparation of dossiers for plant protection products, biocides, and import tolerance, study monitoring, development of testing strategies, and evaluation for endocrine disruption potential. She has extensive experience in project management and expertise in characterizing hazards for industrial chemicals assessed under REACH. Additionally, she is highly proficient in using IUCLID.
